“ We got to know Bob while working on Bach Fest many years ago. We know he had many talents and his managements skills were very mulch valued by all who were involved in Bach Fest. He left a legacy for the event;.

Patty and Bob,s family, we will miss him too. We still love playing CD's he gave us of beautiful trumpet music he played. Great memories.

“ I very much enjoyed working with Bob on the Bachfest board. He always had a perspective to lend that was pertinent. He also had a great dry sense of humor. Rest In Peace, Bob.

“ To the man that gave so much to all of us, we celebrate your amazing life. Thank you for being such an amazing mentor and incredible uncle. Your gentle nature, sharp wit and dry sense of humor will be dearly missed. You instilled in us "family-first". You made sure we had holidays today, vacations at Wapato and then your beautiful home in Chelan. You were happiest with all your loved ones around you. There was always a bag with gold chocolate coins for us kids. You were always up for a ride in the TR or your plane, if we asked. You also instilled in us the passion for UW and Husky football. Every time I hear a trumpet play, a plane fly overhead of the roar of the crowd in Husky stadium, it will be a reminder of you. I love you and will miss you dearly. There is much rejoicing in Heaven but we are hurting down here. Love you!
