“ *Mom there is no words to describe how much you are missed!! When I go into your room I expect you to say "What do you need now. This part of the show I am watching is getting good." The Keurig I moved to the corner, and you would move out of the corner well Vicki took it home. Just little things like that is so cherished now! I am so glad that you were around as long as you were. I know there are others that didn't get as much time with their loved ones. So I will not spend time on wishing you were here. Instead I will hold all the memories I have of you in my heart. Some days are so hard without you here but I am going to make you proud and carry on the way you would want me to. Thank you mom for always being there for me even when I got on your last nerve!*
