“ *It was a joy and blessing to know Billie. I met her about 50 years ago as she, her husband and family were friends of my parents' family. It was a very sad time when she lost her beloved husband and her children's father to sudden illness too early in life. Over the years, she always had a sweet smile for everyone and had a very caring nature. When I think of Billie, I see her looking pretty; smartly dressed and groomed from head to toes. She was so graceful and a beautiful soul. She was a volunteer and God bless her for that. Rest In Peace dear Billie. Lynette*
