“ *My family and I had the privilege to get to know Della at Regency. In Chelan we rotated with other churches to do services on Sundays. Since in Wenatchee my family has been doing it weekly so we have gotten to know her well over the past year or so. She especially loved hearing the piano and would tell me she'd wished she could play. Recently she told me the story about her dad getting a piano for their church. We had many chuckles. We will greatly miss her and her huge smile on that petite frame. Our thoughts and prayers to her family and friends.*

Sincerely,

Jim, Wendy & Brynn Rhodes
