“ *We were so sorry to hear about Don's passing. We were neighbors for many years in Lake Stevens. Don was a great mentor to me as I was a young Contractor. He built several cabinets for our home and rentals. Eventually we purchased the shop and home. I remember Don would build the cabinets and Betty would sand them. And he loved to bow hunt. We have many fond memories of you both. We would love to talk to Betty 425 923-5540*

“ *One of my favorite memories of our dear friend was during steel head season. We would tease each other on who would be the first before dawn to our favorite spot up the river. I didn't need a alarm because I could hear him outside getting ready to go. I would jump out of bed, dress, make coffee and head out as fast as I could. He would be in his souped up pontoon boat launching and we would laugh and make bets about who would get the first, the biggest, and the most that day. We had many wonderful days on the river together. Our many memories of Don will be fondly remembered by Steve and I. Sincerely, Melinda Vlastic*
