“ I only have fond memories of the past when my folks visited Ruby and Doug and family. I can recall Donna and Dorthy taking me to play tennis once. I thought I was in pretty good shape but they proceeded to run my legs off. I think they were humored. It's sometimes hard to let someone go. You seem to understand that she is in a far better place now. She can truly rest in peace now.##imported-begin##Ralph Smith##imported-end##
