“ I met Eilene many years ago at monthly Bunco games and potluck in her lovely condominium in Chelan. She hosted for many years. She was a SUPERB hostess, always making sure she had at least two non-alcoholic drinks (lovingly prepared), then red and white wine, and usually a homemade soup bubbling away. She made sure everyone was 100% comfortable and all their food needs met. We loved her sense of humor which was witty and sometimes razor sharp. She could dish it out, but she also took our teasing with a delightful sense of humor. When Covid happened, Bunco ended. It wasn't until she was at Heritage Heights that I saw her regularly because she attended the SAIL fitness/exercise class I teach twice weekly. Once again, she was delightfully funny in a witty way and we all enjoyed her feisty presence. Even as she became frail, she attended class with her caregivers (Jennifer and China) and worked hard to complete all exercises to the best of her ability. I will truly miss her physical presence in this world, but her spirit is always with me. Rest in peace dear dear lady. My condolence to her loved ones.
