“ I have nothing but happy memories of the two weeks every summer I would get to spend with my grandparents. Grandma would get the local paper, map our course & Old Betsy (grandmas car) would putt us around to all the best garage sales! I remember having "supper"-not dinner...she was always able to figure out meals that I would enjoy(I was the pickiest eater!) but she had a nack for knowing what was right for pretty much any situation....& she would make apple leather for us every visit...I tell people about it still today. We would sit at the table and play games like: SORRY & UNO...Camping was great too. love-kind-good-pure heart-strong willed-loyal companion/partner/friend....i miss her.##imported-begin##Sherri L.
