

## Glennes L Little

June 1, 1936 - June 27, 2025

Glennes Lee Little (nee Carberry) passed away June 27 2025 at home in the loving arms of her beloved granddaughter Jenn, she was 89. Glennes was lovingly known by her nick name Pete and by Mama at Manson Growers Co-Op.

Her spirit now joins that of her most beloved husband, Leonard Leslie Little. She leaves behind two sons Leonard George and Benard Glen and a daughter-Elizabeth Leeann.

She packed apples for decades both in Palisades and Manson. In the 70's she and Leonard moved to Manson manage her parents, George and Betty Carberry's, apple orchard.

Although she dearly loved her children and grandchildren, she was most anxious to join her husband's spirit in heaven. God has granted her most earnest wish and delivered her spirit to the warm embrace of her husband and our LORD in heaven.

Flowers may be sent to Precht Rose in Chelan.

“It was one of the biggest honors of my life to be able to care for my grandpa, Les and my grandma in their final years of life. I promised them I would make sure they would be able to stay in their home per their wishes. There are no words to describe how much they meant to me. I am truly blessed to have had them for as long as I did. There was a lot of laughter and love in their home. They made everyone feel welcomed and loved. Grandma cooked for every holiday and even dinner weekdays while we were in school. Grandpa taught me life's hardest yet most important lessons to learn. Grandpa always made everything interesting by his quick witt and an unimaginable sense of humor. Grandma was loved by so many people, she did not go anywhere where someone didn't see her and come up for a great big hug to say hi. They both loved unconditionally and were always there for me. To say that they will be missed, is an understatement. I feel lost without them. They weren't just the best grandparents anyone could ever have, they were my best friends and I will cherish every memory I have of them.

“ *I met "Petey" and Les in the fall of 2014 when I became their health insurance agent until I retired in 2023. Les died in 2017 and it was like a candle went out in Petey's heart. I met her granddaughter, Jenn, and knew Petey was in good hands. She was always full of curiosity and energy and offered me coffee, tea and cookies. I continued to meet Petey for yearly reviews until Covid happened and then we only talked on the phone. She was so proud of the many years she worked at Manson Growers. I will miss her physical presence on earth. My condolences to Petey's two sons, daughter and granddaughter Jenn.*
