“ Greta was in my SAIL (sitting) exercise class at Heritage Heights held every Monday and Friday at 2 pm. Even though she had difficulty with her left hand and arm, she put forth her best effort to accomplish the movements. Her most delightful moments at the end of the class were her fun answers to "The Question of the Day." The one that got the most laughs was "How do you eat an Oreo cookie?" She gleefully replied "In one BIG CHOMP!" and she showed us how she'd eat the cookie. Also, she was a dedicated player of Mexican Train dominoes held after SAIL. She LOVED strategizing her moves to win, but she was always humble when she won. Our group will deeply miss her.
