“ *Jim was truly one of the great people that shared in my life. Although we didn't talk enough after the move to Pateros, I will always treasure the times we had, usually just talking over a cup of coffee. Our conversations were varied but always included talk of softball and our daughters. One of my favorite memories is the two of us having a beer in Oklahoma City when Kristina and Tracie were both playing in the Women's College World Series the same year. I remember us talking about the paths that brought us to that point and the amazement that both our daughters as pitchers led their teams to that point of convergence. He also talked about Kristin and how proud he was of what she was accomplishing both in the business and as a person.*

He will be truly missed by many. Rest in peace, my friend.
