

Jeffrey Tuttle

December 29, 1954 - October 11, 2023

We are sad to announce that Jeffrey James Tuttle's 68 year adventure in this world has come to an end. Fearless and strong, Jeff's happy place was embracing nature's beauty. Being an avid outdoorsman, Jeff loved sharing his interests and talents of the great outdoors, processing wild game for over 35 years. When sharing hunting stories with friends and clients, it was always done with a big grin.

He hung up his knife in 2022, and enjoyed his retirement traveling with his family, checking locations off his list. From the Tree of Life along the Pacific Coast, the Banyan Tree in Lahaina, to the autumn leaves of New England, Jeff was always a seeker of adventure.

Jeff was looking forward to the Bible's promise of a time where the aches of his body would be gone and suffering will be gone from the earth forever.

The family gives special thanks to Jeff's Hospice Care team. Jeff will be missed by many. Never wanting to be the center of attention, his family will honor Jeff's wishes to not have a formal funeral. In lieu of flowers, the family requests those who wish to express sympathy consider making a donation to

Youth Outdoors
