“ I remember the first time we met , when you were 10 years old! You were an open book and couldn't wait to meet your step mom. You were so cute , bubbly , curious and so smart! You showed me through the years even with all your challenges, that you truly possessed a heart of gold.
I loved you but more importantly , I liked you!❤️

“ *Jennifer died of heart failure after a sudden illness. She was my
daughter, best friend and a great inspiration to me and all who knew
her. I will miss her, but I know she is with Jesus and her grandpa
and grandma. LeeAnn*
