“*Jan and I shared many laughs and adventures in our high school years. Her kindness when my father died and her attentiveness to his care at the funeral home was very meaningful. Her smile and warm heart make me smile even now. She bore her own pain and troubles with grace and resilience. Rest in peace my friend. Your light stays as a reminder of your kindness and joy. You will be missed.*

“*I worked with Jan's husband Clark. He let me know about a job at Demartin Insurance Agency.*

I worked with Jan at the agency, she taught me a lot about insurance.

We have stayed in touch after I left Chelan in 2007.

My deepest condolences to Clark, Erin and all of Jan's family.

Forever in our hearts ❤️ and memories.

Gone too soon

“*My condolences to Jan's family. Jan was the best insurance agent we ever had! She was always making sure we had the proper coverages for all our needs. She was a sweet, quiet person, but you knew she was always beside you. May she rest peacefully now.*
