“ *Kris and I were in college together. We met at the AGD house. We hadn't connected for years but her laugh came easily to mind (she had the best laugh!) as did the feeling of being in good company. She was a beautiful, kind, fun-as-hell, strong, amazing person. How missed she will be. Sending so much love to her family and friends.*

“ I met Kris when she moved back to Chelan through her sister Raye.. after She began working at Tunnel Hill Granite she hired me as their nanny.. I have been a part of their family ever since. I have walked with them through good times and hard times. And that once did I hear Kris complain or speak a negative word about the difficulties that she faced. She walked through each one with grace and courage like I have never seen. Her optimism was contagious and couldn't help but rub off on you. I've lost track of the times that she assured me that there is always hope no matter how dark things look. I became a stronger person because of her. She always lit up the room with her smile and joy...

I too will commit to walk alongside her family as a support whenever they need it. And promise to continue to show the love of Jesus and the hope that He has given as we place our hand in his. I'm grateful that Chris has no more pain and suffering and that she is free on Heaven.. I'm so grateful that this goodbye is only temporary.

Kris you were a fighter and never gave up until God said so. And that's not really giving up, it's just stepping into the new and wonderful eternal journey. I have so much respect for you and all that you taught me through your life. I thank God that he placed you in my path and I am grateful that I will see you again. Until then, I love you and will miss you ❤️

“ Kris you were more than a friend, you were family. Our annual traditional weekend gathering since shortly after college with our families were a highlight of every summer. You will always be in my heart and my life richer because of knowing you. You brought light to this World. Missing you deeply. ❤️❤️ Praying for all your loved one's. Thankfully we have a few Live Photo's that I can look back to enjoy your contagious laugh. Love you Kris!

“ KC and family,
I am so sorry for the loss of Kristin. I know she loved you all so very much and will be greatly missed. Whenever I saw her picture with that infectious smile on a bill boards I would just grin.

May piece be with you and your family.

“ Kris was my protector, caregiver, tutor, teammate, rescuer, confidant, business partner, sister and friend. I will always remember our childhood pool, lake, and slumber parties. I will remember long runs around town, high school volleyball, college shenanigans, and all of the traveling. I will remember the tandem teamwork at Casino Del Lago and as adults as business partners at Tunnel Hill Granite. I will remember the birth of her children, and the way she cared for me and mine. I will remember how she showed up and loved well.

I promise to help KC and be a safe place for Jaxon and Riley. I will remind them of her strength and courage, and how she loved them with all she had. I will help them know Jesus more and reassure them she is safe in the arms of the Lord, where there is no pain or suffering or sorrow.

I am thankful for my sister and her family, and so very proud of all of them. We are heartbroken, but we will be okay.

“ My favorite memory of Kris- well there are a few- is working summers with her down at the Drive-In, and going on the “ice cream diet”. Also working at Cosina Del Lago with her and her cheering me on when I began dating Geoffrey Allen. I vaguely remember skipping school to take the boat out. And I remember bonfires with friends in the mountains and she was my wingman and true blue friend. We were close for a short period of time - a few years during high school and sadly we grew apart - which I regretted- but happily we reunited over cocktails only a couple of summers ago and it was like old times. Kris was a selfless, giving person, and she was one of my most cherished friends in high school. She threw a surprise birthday party for my sister and I. I still have cards that she wrote me in high school and she expressed her loyal friendship so beautifully. I am blessed to be her friend. Xoxoxo
