“ Jack and Jody Mack have been two of my favorite customers through the years of me having the honor to be their health insurance agent. We'd meet yearly for their health and RX drug reviews and they were such a joy to meet. Jody would serve refreshments while Jack offered sweet (and funny) stories about family adventures from the past year. My favorite memory, however, is when I turned 70. There was a "Happy Birthday" display ad in the Lake Chelan Mirror where I detailed the highlights of my life, including having had three husbands. (My third is for 38 years). They called me after reading the paper and Jody said they had decided to send me a different birthday card than planned - the one they sent was hysterically risqué! When I called, she said that BOTH of them agreed the card was too funny not to send and they hoped I took it the right way. I, of course I did and loved that they put extra thought into the card. Jack and Jody's delightful sense of humor was always a bright spot in every year. My condolences are with their wonderful family.

“ *We had the honor of being Jack and Jody's neighbors for over 13 years. So many fond memories...a time when neighbors helped each other and we could always count on Jack. He was extremely patient and generous and tolerant....His tolerance extended to us our children and our Bassett Hound Brutus. Jack thought it funny when Brutus ate the Easter eggs that had been hidden, when he stole zucchini out of Jack's garden, and buried one of the boys watches. He even was understanding when Greg on a snowy day slid down our shared driveway and hit his car. Jack was the ultimate gentleman. The best neighbor ever!*
