“ Linda was the kind of neighbor we grew up with, back when people knew their neighbors by name and petted each others' dogs. She was kind and generous with her time and bounty. I've never been able to grow flowers like hers, or decorate for holidays like she did, she shared her talents with us. I always knew when she was home by her open garage door, as if she was welcoming us. Sometimes I'd just walk over to visit, now I wish I had done it more often, I will miss her, and that house on the corner will never be the same.

Linda was one of my favorite classmates. She always had a smile and a comment. We were classmmates kindergarten thru 12th grade. She always visited my parents and they loved seeing her. My mom and her mom went to school together also. Saw her recently so glad I took the time. She will be surely missed.

So sorry to read about Linda's passing. Her sister, Judy, was in my sister Anna's class, but we knew everyone who rode the school bus for 12 years. We are blessed to have memories of Linda and her family.

Linda will always hold a special place in my heart. We were best friends for many years though school and she was my bridesmaid. I introduced her to Roger and their first date was a double date with my husband, Tom, and I. It was love at first sight for them and they were together from then on. I have countless memories of Linda and Roger throughout our lives. I'm so sad and sorry she has passed and send love and prayers to all who knew her.
