“ *From Andy Carr at Icicle Seafoods:*

Marshall was one of the best in the business of fish processing, equipment, boats, etc that I have EVER known.

He was also very witty and a great friend! I learned a lot from him when I was starting out in the business.

He will be sorely missed!

“ *Thank you for letting me sit with Marshall a few times during his last days. I loved hearing about the family, the grandgirls and feel the warmth of your special home.*

“ *Condolences from Denmark. I had the pleasure of working with Marshall years ago in Seattle and in Alaska. Marshall had a rare sense of humor and always managed to pass on his good mood. Best regards, Christian Bols*

Such a wonderful man, always had a devilish sparkle in his eyes. He was one of the highlights on the Arctic Enterprise. He was smart, hard working and had a wicked sense of humor. He was indeed a great man.

Marshall was an excellent craftsman and a pleasure to work with. Marshall and I worked on many projects together starting with the Arctic Alaska vessels in the 80's. Marshall always got it done. He is missed. My thoughts go out to his family. Larry Couch

*When we were little (5-6) i sliced the bottom of my foot on a broken bottle in the Columbia river.
Marshall took off his shirt, wrapped my foot and carried me on his back to our local clinic for stitches. He was much older than me. (we're the same age for 20 days every year)
I have heard he found another use for his shirt as he got older when hunting with his younger brother Steven out in the woods. 🙄
Marshall grew into a wonderful loving man. He will be missed.
I miss those days.
