“ *Amber and family,*

*Pat was so dear to me when we met a few years back at Heritage Heights. She immediately began telling me stories of her childhood in SD and MT in the "dirty thirties" as she called it. I felt like I knew her life and always looked forward to seeing her on my Sunday visits.*

*Pat was an elegant, classy lady with a appetite for adventure, and mischief if we could find it. Pat adored her family and felt lucky to be able to live out her days with you. May your memories of her comfort you as they will me. I miss her.*
