“ *Patsy had many people that loved and cared about her. The one I am most familiar with is her son Terry. Terry is devoted to his family. I love hearing stories about the fun times that his sister's "children" have with their Uncle Terry. He kinda spoils them! I've also appreciated the fact that Terry (still a "kid" himself) understood how hard his mom worked to create special meaningful family memories. Our very young "old soul" friend Terry Tisdale-Lovaas, is an amazing son, brother, uncle, and friend. You have an army of friends Terry and I know that you brought your mom endless joy. XOXOXO*
