“ *Uncle Paul had an infectious laugh. It reminded me of his dad (Grandpa Benson). When I picture him, I can hear it. The boat rides he would give us on the lake were special, not only for a girl that didn't live on a lake but how he never acted inconvenienced or in a hurry to get it over with but took the time to be "tour guide" and to make the boat go so fast that we would laugh and shout, "faster Uncle Paul!" I can still feel the wind on my face... I played Scrabble with him at the Leavenworth lodge when the Benson clan had an evening Scrabble tournament. He and I had "friendly banter " over a word he played. I told him it wasn't a word he could use...he had a competitive spirit about him. To this day Scrabble is my favorite game. I miss you Uncle Paul. Love, Carrie*

*I was so fortunate to have had the chance to work for Paul when I first started working at Alpine Windows back in the late 70's. Paul turned out to be my Mentor in life. Paul was a quite man but when he spoke it was with meaning. He ran his business with such care and concern for his customers and his employees, there was never a more caring boss than Paul. Not only did he show me how to run a business but he showed me by example how to be a good husband and father. I will be forever grateful for having the privilege to have known Paul and his family. My heart goes out to Kathy, Scott and Jeff.*
