“ I met Phil many years ago. He popped in and out of my life a few times and we shared some great moments. I thought about him today and had no idea he had passed. Phil, you will be missed.

“ I met Phil while in law school through mutual friends and the Native Students groups on campus at the UW. Phil was an enthusiastic leader in the UW native community. He took great pride in his heritage. Years went by and we each went our separate ways. Then, years later my own father, a long time electrician with the Union, was on a job with Phil. After some time working with my father he mentioned some of his experiences at UW and eventually concluded the association. It proved to be a small world indeed. Phil will be always remembered for his kindness, enthusiasm and his contagious smile. Our sincerest condolences to his family. The Sufficools
