“ *I remember Reed as a child, these were happy times, when we all gathered at Grandpa George's house to play in the afternoon. My brother and sister would be there. They were close to Reed's age. I remember the sadness in our little community, the day his mom, Ruth took them away. "Punky" as we had nicknamed Reed and his brother George left on the bus. We knew we would probably never see our cousins again. And today, October 12, 2015, is sad, as I learned of his death. I also learned that he was a Vietnam Veteran. May God receive you in his loving arms.*
