“ Some of my fondest High School memories were being with Robby Dunn. We played Football together, worked out together, double dated together, went to parties together, rode in his giant buick or olds together and played cassettes, “borrowed” sammies and wine from Bob and Joyce’s deli, laughed together and grew up together. I cherish those moments that seem only yesterday. Thanks for being a fantastic friend, it made my life better and hope you felt the same. I know you did. Can’t ask for more. Cheers Rob, love you man.
