“ *Roger was a gruff man but one who cares about his family deeply. Once he knew you and was comfortable with you he would greet you with a smile. I remember the day my windshield wiper came off at his home, in the pouring rain he came out and fixed it for me. I really appreciated it. He will be missed by all who knew him, especially his family. Melina, Zach, and Sami, we send our love to you and will keep you in our prayers. Lori*
